Continuing Nursing Education Credits:
University of Illinois Hospital and Health Sciences System (OH-341, 9/6/2015) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver of the American Nurses Credentialing Center’s Commission on Accreditation.

The University of Illinois at Chicago (UIC) College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing Medical education for physicians.

This educational activity is being presented without commercial support, bias or conflict of interest from planners or presenters.
Program Overview

The S.T.A.B.L.E. Program is an interactive course to help the participant organize the myriad of details and interventions necessary to provide care to a sick or premature infant prior to transport.

Criteria for Successful Completion

- Attendance of entire session
- Pre and post test score of 80% or higher
- Completion of evaluation form

Objectives

1. Review the purpose of the STABLE program
2. Gain an understanding of the issues of patient safety and error reduction
3. Discuss issues related to initiating feeding in an unstable infant
4. Describe screening recommendations and follow-up for gestational diabetics and their infants
5. Describe infants at increased risk for hypothermia and hyperthermia
6. Discuss the steps in the evaluation of respiratory distress in the newborn
7. Differentiate between compensated and uncompensated shock
8. Gain an understanding of risk factors that predispose infants to infection
